INSTRUCTIONS

The purpose of this form is to insure that the fit, finish and operation of the QuickSilver is completely satisfactory prior to delivery of the vehicle to the customer.

Accordingly the designated inspector(s) should check and/or test each item listed. Once the inspector is sure that the item is completely satisfactory, he should place his initials in front of the item, in the space provided. Any and all problems found during the inspection should be noted on this form and the vehicle should be returned to service for correction. Once all problems are corrected, the inspection process should start again.

This form is only considered completed when all items are initialed as being satisfactory and the form is signed by an authorized dealer representative.

Verification of the pre-delivery inspection must be indicated in the space provided on the Retail Delivery Report Card (RDR Card) in order for the dealer to receive reimbursement for the inspection from Zimmer Motor Cars Corporation.
